I'm To Blame

Ashton Irwin

Lightning fast at night
Hear the whispers in the rain
You don't want to die
You don't want to take that plane

I broke you like a circus ride
Take that plane
I can see it in your eyes
Ya' screaming out

You can't make me believe
I can keep my focus
I don't want to unsee
Now you know

I'm to blame (I showed you the light)
I'm to blame (I showed you the light)
I'm to blame (I showed you the light)
I'm to blame

Two birds on a wire
They don't know that they'll catch fire
We could find a way
Words of wisdom cause you pain

I broke you like a circus ride
I caused you pain
I can see it in your eyes
Ya' screamin' out

You can't make me believe
I can keep my focus
I don't want to unsee
Now you know

I'm to blame (I showed you the light)
I'm to blame (I showed you the light)
I'm to blame (I showed you the light)
I'm to blame

No I can't
Live a lie
You can't make me
Live a lie
Burning red
Letting go
Up in flames
All the same, I am too

It sounds like madness (To you)
It sounds like madness (To you)
It sounds like madness (To you)
It sounds like madness
And I'm to blame
