

Belong

Asiahn

Here we go again with the back and forth
You don't show me you mean the things you wrote
Like, "I belong to you, you belong to me"
That was how our love was supposed to be
I belong to you, you belong to me, too
So tell me what the fuck is going on with you, ah
I thought you wanted this, too, ooh

You said you belong to me and I belong to you
I belong to you, and you belong to me, too
You said you belong to me and I belong to you
I belong to you, and you belong to me, too

That's what you said
But you didn't mean it
Did you mean it?
