

BOUT IT

Asiahn

Yeah
Feenin' bout it
Dream about it
Think about it
Yeah
Can't go without it
Sleep without it
I need your love
Yeah
Can't breathe without it
Eat without it
Lost without it
Yeah
You know how I get
All I want is you and your love
All I want is you and your Love
Ooo

Meet me
In the dark
Take it off
Wanna see it all
I'm hot and ready babe
Lights up
Cameras on
Time to perform
Baby it's your call
Just watch or joining me
All I want is you and your Love

Yeah
Been feenin' bout it
Dream about it
Think about it
Yeah
Can't go without it
Sleep without it
I need your love
Yeah
Can't breathe without it
Eat without it
Lost without it
Yeah
You know how I get
All I want is you and your love
All I want is you and your Love
Ooo
