

Broken Heart

Asiahn

Lying in my bed most nights alone
Feeling like the daytime don't exist anymore
Harder than it seems to just move on
Now we sit here in silence
I don't remember what it was
That got us here
But the pain won't disappear
I'll go to work then try to maneuver
Start off with baby steps
Try to pick up the pieces of my broken heart

Try living with a broken heart
It'll never be easy
We wanted to go so far
Now I'll never believe in love
This is not a dream
No sounds of laughter
I guess this how it feels to have a broken heart

I used to be confident secure
Never was the fragile girl that you see before you
There's nothing I wouldn't do to just move on
Now my chest is filled with silence
I remember what it was that got us here
And the pain won't disappear
Try to start over I got no excuses

This awkward separation's
Causing contusions on my broken heart

Try living with a broken heart
It'll never be easy
We wanted to go so far
Now I'll never believe in love

This is not a dream
No sounds of laughter
This is how it feels to have a broken heart

Broken love
Broken life
Broken lungs can't breathe
Broken faith

Broken trust
Broken sight can't see
Is this where in my life I'm supposed to be
Learn from my broken heart

Try living with a broken heart
It'll never be easy
We wanted to go so far
Now I'll never believe in love
This is not a dream
No sounds of laughter
I guess this how it feels to have a broken hearts

Try living with a broken heart
It'll never be easy
We wanted to go so far
Now I'll never believe in love
This is not a dream
No sounds of laughter
This how it feels to have a broken hearts
