

Drip

Asiahn

Est-ce que tu veux venir chez moi?
Non... non non non. On va juste parler je te promets... d'accord? Viens
Tu ne veux pas? Je te promets on va juste parler... Bien!

Come in, relax yourself, release your mind (Mind)
Take your time, let my words get intertwined in you (You)
I wanna try somethin' I realized you ain't done yet (Oh, oh)
I wanna dive deep inside your mental (Your mental)
Kiss the frames of your mind, bring out the freak in you (You)
Don't be shy it just might take you places you don't know

Don't stop me 'cause I'm on a roll
Somethin' you just can't control
Leakin' all over the floor like ooh
And you ain't even gotta say shit
Your body speakin' my language
And it's sayin':

Drip, drip, drip, drip, drop
Drip, drip, drip, drip, drop
Drip, drip, drip, drip, drop
Non-stop (Oh)
I can tell that you like it
Ain't touched you, but your body's excited
I know the way you feel because it
Drip, drip, drip, drip, drip, drip, drip, drip, drop

Imagine us skin-to-skin, eye-to-eye
Bodies wet from the sweat, I'm workin' out with you
Fingertips traveling into places wonderful (Oh)
Whisperin', "How does it feel?" and "Do you like?"
Let my lips explore the many hillsides of you
It's just pretend, all in your mind
But it could be so magical (Oh)

Don't stop me 'cause I'm on a roll
Somethin' you just can't control
Leakin' all over the floor like ooh
And you ain't even gotta say shit
Your body speakin' my language
And it's sayin':

Drip, drip, drip, drip, drop
Drip, drip, drip, drip, drop (Drop)
Drip, drip, drip, drip, drop
Non-stop (Oh)
I can tell that you like it
Ain't touched you, but your body's excited
I know the way you feel because it
Drip, drip, drip, drip, drip, drip, drip, drip, drop

Let me straddle your mind
And fornicate your mental
I'm into it, just to let you know I'm into your Intellectual, but don't mind
me
I like swallowing your mysteries
You're an acquired taste, a desired pace

I can tell that you're into me
Make you say my name like...
Like you on a roller coaster, like...
You catchin' the Holy Ghost, I like...
You feel it in your toes or somethin', like...
It already shows, I know you like it
Fuckin' up my sofa, 'cause you excited
I wanna make you beg for it, not yet
Got you drippin' wet and I ain't bite yet
Make your body sing to me like...

Drip, drip, drip, drip, drop (Oh)
Drip, drip, drip, drip, drop (Drop, drop, drop, drop)
Drip, drip, drip, drip, drop
Non-stop (Non-stop, non-stop, yeah)
I can tell that you like it
Ain't touched you, but your body's excited
I know the way you feel because it
Drip, drip, drip, drip, drip, drip, drip, drip, drop
