Maybe we can shoot the breeze
Maybe we can blow some trees
As long as I'm by your side
All through night
Maybe we can hide away
Stay a millions Saturdays
Just as long as you're mine ooo

Send ya location
I'm coming through
We can start a situation
I'll be there around three
To give you what need
I appreciate your patience
If you don't mind
Can I have a staycation
In between your knees
If you please

You make me feel free
I don't wanna be without baby
Nobody else can take your place
You make me feel free
No other smile can light the way
I'm hoping that you feel the same yeah
You make me feel free eee ooh ooh yeah
Free eee ooh ooh yeah yeah yeah yeah
You make me feel free eee ooh ooh yeah
Free eee ooh ooh yeah yeah yeah

Maybe we can settle down
It's never been a thought I've found
But you make me believe
In everything
Maybe we can steal a boat
Ride the coast you never know
Cause you're all I see

So send ya location
I'm coming through
We can start a situation
I'll be there around three
To give you what need
I appreciate your patience
If you don't mind
Can I have a staycation
In between your knees
If you please

You make me feel free
I don't wanna be without baby
Nobody else can take your place
You make me feel free
No other smile can light the way
I'm hoping that you feel the same
You make me feel free eee ooh ooh yeah
Free eee ooh ooh yeah yeah yeah yeah

You make me feel free eee ooh ooh yeah
Free eee ooh ooh yeah yeah yeah
