

# Love Train

Asiahn

Maybe you're late or you misplaced your ticket  
We're supposed to be on our way to happy endings  
Somewhere we turned wrong  
We seem to have lost our way  
'Cause the simple shit, we can't even agree with it  
Every argument turns to us splitting  
Then you say that you're leaving  
When you know that you should stay

I could've sworn this love shit was easy  
Well, that's what the books say  
They don't tell you when you're a little girl  
It won't quite work out that way

And I, think we missed the love train  
And baby I, say we need to start all over again  
The next one's the last one  
I'm waiting on you

I'm missing the quickies and days on the weekends  
We'd be laughing for hours and loving the days in  
What happened to us? I wanna be that way again  
Until pride came along and we got complicated  
And we both said some things but didn't mean it  
What happened to love? I know our hearts will mend

I could've sworn this love shit was easy  
Well, that's what the books say  
They don't tell you when you're a little girl  
It won't quite work out that way

And I, think we missed the love train  
And baby I, say we need to start all over again  
The next one's the last one  
I'm waiting on you

Pack your bag, you only need one  
Leave the others in the past  
'Cause they don't belong where we're going to  
I'll run after this train for you  
Wanna leave this pain, ride to Paradise  
Restless, at this stop  
It don't hurt to try  
To get back to the better days

And baby I, I, I, I, I, think we missed the love train  
And baby, I, I, I think we need to start all over again  
The next one's the last one  
I'm waiting on you

You you you you you  
Don't miss the Love train  
Don't miss our Love train  
Don't miss the next one I'm waiting on you  
Don't you miss it babe, Don't don't don't don't  
Don't miss our love train, Don't miss our love train  
The next ones the Last one I'm waiting on you, you

Don't miss it babe, Don't miss it babe, Don't miss it babe
