

My World

Asiahn

That pride's gonna get you killed
If life's a paradise for lovers that's real
Ooh-ooh-ooh

Never seen a wrong love last
Never seen an ego holding hands
Liars ain't the prototype
Trust is just a mutual first dance

I've never been so scared in my world
I tend to hide here
Seeking shelter from the hurt
The time has come to let you in
Will you run and hide
Or dwell deep in my abyss?
Go deep in my abyss

Do you like the colors in my world?
It's not a fantasy, it's curated by my heart
We can't lose the magic of our world
It can be paradise or the ending of our earth

You've never had a real love in your life
It's understanding, you don't know that this ain't hype
Be careful how you carry me, dear
It's automatic to be overcome with fear
But let me love you still

Do you like the colors in my world?
It's not a fantasy, it's curated by my heart
We can't lose the magic of our world
It can be paradise or the ending of our earth

Ooh-ooh-ooh-ooh
