

There is no luh, no luh
No love in LA
I swear, ain't no luh, no luh
There ain't no love in LA

I been out here workin' and searchin' 'round for you
Showin' I'm a real one, I know you'll be one too
But all I find is these fake bitches, these hoes and I don't need that
They all tryna get somethin' from me, hell naw I don't need that shit, oh no

There's no luh
There's no love in LA
I swear, ain't no luh
It's no luh
There ain't no love in LA

And I just wanna get with you
I just wanna find someone, someone only for me
Who don't give a fuck about the money
Give a fuck about my soul, tell me where you could be

'Cause there ain't no luh, no luh
There ain't no love in LA
I swear, ain't no luh, there's no luh
There ain't no love in LA
I swear, ain't no luh, no luh
There ain't no love in LA
I swear, ain't no love, there's no love
Ain't no love in LA

I want somebody who'll pray with me
Vibe with me, learn with me, roll with me, grow with me
Build with me, lay with me, cry with me, open your soul to me
Fun with me, real with me, ride with me, keep on choosin' me
I want somebody who'll pray with me
Vibe with me, learn with me, roll with me, grow with me
Build with me, lay with me, cry with me, open your soul to me
Fun with me, real with me, ride with me, keep on choosin' me

'Cause there ain't no luh, no luh
There ain't no love in LA
I swear, ain't no luh, there's no love
There's no love in LA
'Cause there ain't no luh, no luh
There ain't no love in LA
I swear, ain't no love, there's no love
There's no love in LA

There's no luh
Ain't no love
