

## We Can

Asiahn

You can't play with my emotions 'cause they're paper-thin  
Don't take me too serious 'cause I won't let you in

We got a vibe, yeah  
I don't take it light, yeah  
Stay wit' me for the night, yeah  
Relax and just get high  
Get high off me

Are you here for love or a season?  
Talking all that shit for no reason  
You either wanna fuck or you leaving  
I could be yours for the weekend  
Weekend, weekend

I bet you thought you'd take my heart and run away with it  
But, baby, no, no, no  
Don't got permission to fall in love with me  
Unless I tell you so

I can't make this thing too easy, gotta try you out  
See if you're the one you say are without a doubt

We got a vibe, yeah  
I don't take it light, yeah  
Stay wit' me for the night, yeah  
Relax and just get high  
Get high off me

Are you here for love or a season?  
Talking all that shit for no reason  
You either wanna fuck or you leaving

Weekend, weekend

I bet you thought you'd take my heart and run away with it
