Runnin' through them bands
Ben Franklin, yeah that bitch, she is my best friend
I'm call on her everyday, I got it out the sand
She help me out, she told me ion really need some fans
Ion got no friends
I just got my mans
Ion do the sneaky shit, ion like pretend
I'm just tryna get high, and blow a couple grand
All these bitches act hard cause they ain't got no bands
Where my fucking bands?
Where my fucking shooters?
All my niggas trap with bout a hundred in them gudras
Shoot at your medulla, now I'm off to meet my jeweler
I know you wanna glo up
Baby, imma glo doll
I'm the reason bitches wanna rap and be a star
I'm just tryna live my life, I'm from the boulevard
Growing up, I had no choice to jump up off the porch
And gimme, shit was bad as fuck
They call me Lil' Torch
Girl your money short

I just wanna pray

Long live a summer and my shawty little jay
I'm hungry, I just wanna spazz through 200k
I don't need no safe, try to rob, let it spray
Never speak up on the case
I'm so lowkey, dunkin' on these bitches
Feel like Kobe with the three
Mackin' on these niggas, sendin' hearts with the eyes
He a savage, that's my baby
Let him eat me like a pie
I think he from the Chi
Who the fuck are you?
No I do not fuck with niggas that ain't got no lue
Chase your fool
If you snooze, then you're gonna loose
If you loose, time is up, this ain't Blue's Clues
Don't never break the rules
