

Grind

Asian Doll

Let me tell some lil shit from my life
I was grinding for a dream out of site
Most people they thought I'd give up
Same motherfuckers tryna kick it with a buck
Let me tell some lil shit from my life
I was grinding for a dream out of site
Most people they thought I'd give up
Same motherfuckers tryna kick it with a buck
Let me tell some lil shit from my life
I was grinding for a dream out of site
Most people they thought I'd give up
Same motherfuckers tryna kick it with a buck

Everybody used to laugh at me
Got more money now these bitches mad at me
Nobody ain't give it, yeah I took that
Play my songs now I'm on, ya'll peep that
I'm gon' shine, rather get a deal, I'm signed

Lame niggas wanna talk I grind
Plenty girls diss me I grind
Barbie Doll Gang up, I grind
With a young bitch made it far, I grind
Go get you some money I grind
I ain't never going back I grind
I'ma kill every beat assigned
I'm gon' shine, rather get a deal, I'm signed

They don't know what I've been through
They don't know what it takes to just get through
Hard times, more bitches I tend too
Switched up, now they act phony, that's your lose
Don't roll with the fakes I'm way bigger than that
Fuck fame, diss me, bitch I'm blowing your cap
Still the same old girl that was running it back
And I'd be damned if I lose, I ain't not turning my back
I got a whole 'lotta money what the fuck is you saying?
'Member I ain't have shit, used to speak from the van
Young bitch, bossed up now I'm seeing some bands
I ain't never been broke, whole family was on
Hood rich, I ain't wanna put my life in a song
Motherfuckers tweak on me like I'm doing some wrong
Eighteen years count up, counting mine's up
No help, I stepped up
Young rookie, I grind for this shit
On the top and these bitches wanna hang now
I told myself, when I'm on, I'll stay there
Move Brenden to the hills, better life there
Bitch I win, I ain't never had to fight fair
I get higher then a kite, out of site
I told myself, for the stars, bitch I might
You won't never get on me, tryna bite
Asian Doll, up next, you right
On gang!

Lame niggas wanna talk I grind
Plenty girls diss me I grind

Barbie Doll Gang up, I grind
With a young bitch made it far, I grind
Go get you some money I grind
I ain't never going back I grind
I'ma kill every beat assigned
I'm gon' shine, rather get a deal, I'm signed
Lame niggas wanna talk I grind
Plenty girls diss me I grind
Barbie Doll Gang up, I grind
With a young bitch made it far, I grind

Let me take it way back, way back then
When a bitch used to nap
Thought I'd never see it this far
Shit run deep like a scar
Grow to the edge, don't push, got barred
Now I drive fast cars
When they took me and G out the front porch
Bitch my heart so cold do a drill quick
Still trap, thirty clip, and I run shit
Came from the gutter, so I don't really got feelings
Money stacked to the ceilings
Young nigga on the block, tryna flip fifty
I need some real hundreds, these bitches be twenty
Asian she a bully
Chopper hit her back, she a motherfucking goofy
Run around town we be juggling
Run up you get poured
Real pretty ladies gon' blow
Cuban no junkie
Fall in love with niggas, be broke
Did it on my own like a pro
Steak on my plate, I feast
I kill every beat, young beast
Asian with the K, but niggas call me Asian like I'm bae
Worried bout to much, I ain't going on a date
Couple bands on him, let him eat it like a cake
Finessing how I got it
Young boss bitch, now I get it Polly Pocket
But he don't miss, slide your ass like a rocket

I am telling, the shit that I can relate
Like a lot of those I fucking relate
A whole lot of those, I see myself in
Like Nicki, Nicki always on her feet
"I am the female Weezy"
I'm coming in, I'm the female Sosa

Lame niggas wanna talk I grind
Plenty girls diss me I grind
Barbie Doll Gang up, I grind
With a young bitch made it far, I grind
Go get you some money I grind
I ain't never going back I grind
I'ma kill every beat assigned
I'm gon' shine, rather get a deal, I'm signed
