Asian Doll

He ain't tough, he ain't rough (Ooh)  
He ain't up, this nigga ain't on nun'  
He ain't real, he ain't even gon' drill, that nigga gon' squeal

Reminiscin' 'bout the old days (Uh-huh)  
None of these niggas ain't for me, lost you and it tore me  
Fell in love when you saw me, tried to call you my homie  
I fell in love with his manners  
That's why I keep doin' my grammar (Gra-)  
I love you, I'm tellin' you now  
I'm with you, you right or you wrong  
I can't see your face, so I put my heart in a song  
Yeah, my mind been gone (Gone)  
Ever since he ain't make it back home (Home)  
You left me alone, I don't know how I'm so strong (Strong)

Don't know we been through  
This shit really fuck with my mental  
You fuck my nigga and post it, I'm tellin' him, go out and kill you  
(Grrah)  
Don't want these bitches near you  
Tell me you love me again, I hear you  
Went on a date, you asked me, "Will you?"  
Tell me your problems, I feel you  
Wanna have your baby, like, yes  
Wanna fuck me, daddy, go  
I look in your face like a mirror  
That shit get me high when I'm low  
I rub on your body like soap  
We go to sleep and we touchin', I know  
I bend it over, you takin' my soul  
This shit really deep, like we diggin' a hole

He ain't tough, he ain't rough  
He ain't up, this nigga ain't on nun'  
He ain't real (Bae, I love you)  
He ain't even gon' drill, that nigga gon' squeal
