

Pyromantic Scryer

Asinhell

I bring the fire
An urge never conceived
A lustful stare
An ardor I cannot believe
Setting fire to the world
The havoc never expires
I add lightning to the thunder
Embers and pleasure conspire

Burn the worries to the ground
Clairvoyant visions pound
Morbid visions from the fire
Pyromantic scryer

I fuel the fire
Fatal forecasts and grief
I can't unwind
Burning climaxes reached
Blurry images of the world
Crystal clear to me
All kneel down
The kindling seer is me

Burn the worries to the ground
Clairvoyant visions pound
Morbid visions from the fire
Pyromantic scryer

The future is mine, sucker burn
Certainties fiercely overturned
Ignoramuses admire
Me, the matchstick messiah

Burn the worries to the ground
Clairvoyant visions pound
Morbid visions from the fire
Pyromantic scryer
