

# House on Fire

Asking Alexandria

Like a house on fire  
Like a house on fire

Wage war on your preconceptions  
Of my exception to come  
What you rely on to give purpose to your lifelong dreams  
Of being what you'll never become

'Cause you gotta give  
More than you've got to give  
To watch it all fall

As I watch it fall away from me  
(Like a house on fire, like a house on fire)  
And all I am turn to all I can be  
(Like a house on fire, like a house on fire)

Fall back on the same excuses  
That you've been using for years (Yeah, yeah, yeah)  
The only person that you're holding back's  
The only one that needed to hear all along

'Cause you gotta give  
More than you've got to give  
To watch it all fall

As I watch it fall away from me  
(Like a house on fire, like a house on fire)  
And all I am turn to all I can be  
(Like a house on fire, like a house on fire)

Like a house on fire  
Like a house on fire  
I watch it fall away from me  
(Like a house on fire, like a house on fire)

As I watch it fall away from me  
(Like a house on fire, like a house on fire)  
And all I am turn to all I can be  
(Like a house on fire, like a house on fire)

Like a house on fire  
Like a house on fire, oh  
Like a house on fire  
Like a house on fire, oh
