

## Kill It With Fire

Asking Alexandria

Fire, fire, fire  
We didn't want a war  
Our lives were taken over  
They always wanted more

Play it fucking louder  
Just play it one more time  
No time to breathe  
No time to rest  
I think we've lost our minds

They made us puppets  
They made us puppets  
They made us puppets  
They made us kill it with fire  
They made us kill it with fire  
Kill it with fire  
Kill it with fire  
Kill it with fire  
Kill it with fire
