

One Turns to None

Asking Alexandria

One step, two steps back
Three breaths before I snap
Three minutes of holding on
Two turns to one

This can't wait until another day
And I'm not settling for second place
I got a legacy to build
And you're standing in my way

I'm an animal
Yeah I'm an animal
If you let me out the cage
It won't be long until you find out
Why why why
I'm an animal
Yeah I'm an animal
If you dare to play the game
It won't be long until you find out
Why why why
I'm an animal

One step, two steps back
Three ways, you forced attack
Three payers to save your soul
One turns to none

This can't wait until another day
And I'm not settling for second place
I got a legacy to build
And you're standing in my way

I'm an animal
Yeah I'm an animal
If you let me out the cage
It won't be long until you find out
Why why why
I'm an animal
Yeah I'm an animal
If you dare to play the game
It won't be long until you find out
Why why why
I'm an animal

I'm an animal
Yeah I'm an animal
If you let me out the cage
It won't be long until you find out
Why why why
I'm an animal
Yeah I'm an animal
If you dare to play the game
It won't be long until you find out
Why
I'm an animal
