

# When Everyday's the Weekend

Asking Alexandria

Another sunset!  
What a way to start another messy night!  
Another drink,  
Another bar,  
Another girl inside my arms!  
I can't see straight anymore!  
Just got kicked out the fucking door.

It's all easy!  
It's all easy!

That's how we fucking roll!

It's all easy!  
It's all easy!  
O-o-o-oh!

Tonight's our night like every night before,  
Until we fall,  
Until we fall.

We'll drink you under  
The fucking table!

Rack 'em up!  
Put 'em down!  
Rack 'em up!  
Put 'em down!  
Oh!

I like to party!  
You like to party!  
We like to party!  
All night long!

I like to party!  
You like to party!  
We like to party!  
All fucking year!  
All fucking year!
