

Bump Bounce Boogie

Asleep At The Wheel

When we first met you were sittin' on a stool
In a bar downtown just tryin' to be cool
Well, seems everything has changed around
When I bump into you we bounce around

And do the bump bounce boogie, bump bounce boogie
Bump bounce boogie, bump bounce boogie
We do the bump bounce boogie, dance like a crazy fool

(Piano/Sax)

Ah, you used to be shy, you wouldn't talk to me
Ah, but now you're nice, just as nice as can be
And when I see you smile, well I never frown
I bump into you and then we bounce around

And do the bump bounce boogie, bump bounce boogie
Bump bounce boogie, bump bounce boogie
We do the bump bounce boogie, move like a crazy fool

(Guitar)

Ah, now just last week at the dancin' hall
Ah, me and this guy, we was havin' a ball
Then somthin' hit me, I turned around
And I bumped into you and we bounced around

And did the bump bounce boogie, bump bounce boogie
Bump bounce boogie, bump bounce boogie
We did the bump bounce boogie, danced like a crazy fool

Ah, we did the bump bounce boogie, danced like a crazy fool
