

That's The Way Love Is

Asleep At The Wheel

I built my love a house from the bottom to the top
Did it all with my hands and the wood I chopped
Then the times got rough, we had to sell our home
But we kept our love, and we're still going strong

That's the way love is
That's the place where love lives
And the smilin' face
That's the place where love lives

That's the way love is
That's the place where love lives
Anywhere you give
That's the place where love lives

We've had our ups and downs, we yell instead of talk
Well, we both ran around in a state of shock
Lonely and afraid, we looked inside our hearts
Found our love survived shining through the dark

That's the way love is
That's the place where love lives
And the smilin' face
That's the place where love lives

That's the way love is
That's the place where love lives
Anywhere you give
That's the place where love lives

That's the way love is
That's the place where love lives
And the smilin' face
That's the place where love lives

That's the way love is
That's the place where love lives
Anywhere you give
That's the place where love lives

That's the way love is
That's the place where love lives
And the smilin' face
That's the place where love lives

That's the way love is
That's the place where love lives
Anywhere you give
That's the place where love lives
