

# The Wheel Keeps On Rollin'

## Asleep At The Wheel

Let's roll

Lemme roll on a highway boat

I've been from New York to Nashville, Memphis to Maine  
In a bus, car, motorcycle, jet and plane  
'Round the world  
Paris, London, and Rome

But no matter where we are  
You know it's always the same  
It's the same old shuffle  
Just a dip from the main  
Wheel keeps rolling over and over again

I said the wheel keeps on rolling  
The wheel keeps right on rolling  
The wheel keeps on rolling  
Over and over and over again

I said the wheel keeps on rolling  
The wheel keeps right on rolling  
The wheel keeps on rolling  
Over and over and over again

Well, I asked a little girl down in Ole bowl field  
"When you do the Boogie Woogie to Asleep at the Wheel  
Does it make you jump  
Does it make holler and scream?"

Does it make you feel like your dancing on air  
Do you lose your troubles  
Do you lose your care?  
The wheel keeps rolling over and over again (I'm gonna test)

That the wheel keeps on rolling  
The wheel keeps right on rolling  
The wheel keeps on rolling  
Over and over and over again

I said the wheel keeps on rolling  
The wheel keeps right on rolling  
The wheel keeps on rolling  
Over and over and over again

Let's go  
I said the wheel keeps on rolling over and over again  
Ah yeah
