

## In My Head

Asobi Seksu

I look out the window  
I can see that it's been building  
But I don't seem to know  
How many hours I've been sleeping

In my head  
In my head  
In my head  
In my head

I can't recall  
How many hours I've spent dreaming  
But I look at the mirror  
I can see that it's been raining

In my head  
In my head  
In my head  
In my head
