

Umi De No Jisatsu

Asobi Seksu

Another hot summer morning
The sun is out again
Let's get everyone together at the sea
Let's suicide in the sea
Swim in the warm ocean
And wait for the kind people
The blue ocean is --
Let's suicide in the sea
Living no longer has any meaning
That's not any different today
Nothing has any meaning, so
Let's suicide in the sea
Let's suicide in the sea
