

Deathibel

Asphyx

Well, you just bought this magazine
Only written for the mean
Full of no-bullshit reviews
And bloody cool interviews
With this vinyl, yeah it's flex
Now put the volume to the max
Tragic news, Lemmy's dead
So, this may sound like Motörhead

Take you into sonic hell
Delivering the Deathibels
To those who know their metal well
Turn it up for Decibel!

There are no competitors
The last printing editors
Based in Philly, USA
Next article, no delay
Finally, deadline set
Made by and for metalheads
Just like we are, fuckin' true
Bring the old-school straight to you

Take you into sonic hell
Delivering the Deathibels
To those who know their metal well
Turn it up for Decibel!

Another pile of promo stuff
Late at night, things getting rough
Streamings, mailers, Skype or phone
Work your fingers to the bone
Argh! Goddamn computer crash
Muthafuckin' piece of thrash
So, this is what it's all about
And the last Decibel is out

Take you into sonic hell
Delivering the Deathibels
To those who know their metal well
Turn it up for Decibel!
