

Pain

Asrai

The pain it's
making me sick
my eyes
everything moves
I won't cry

I hold myself the mirror
touch me
hold me...
I'm so afraid
I'm so afraid
my breath...
everybody's hurt
my eyes
and love me

Because there's a hole inside of me
please fill it up
the clouds...
everything's changing
I won't grow up
no I won't
please touch me
the pain...
the pain is me
the pain is me
