

Havoc from down below
The desolation undertow
Dragging me down with it
Don't turn away

I'm reaching for the light
That tears a passage through the night
Breaking the dark in two
Don't turn away

Don't turn away
Don't turn away
Don't turn away
Don't turn away

I'm all alone
Matter and shadow
In the darkflow
Treading deep waters
Searching for the shore
Waiting for the dawn to come

My head is thundering
With situations unforeseen
I'm running far away
Don't bring me back

Dragged down by gravity
Drowning in memory
This isn't what I want
Don't bring me back

Don't bring me back
Don't bring me back
Don't bring me back
Don't bring me back

I'm all alone
Matter and shadow
In the darkflow
Treading deep waters
Searching for the shore
Waiting for the dawn to come

Bleeding across the sky
A purpose that's gone awry
A dubious reckoning
Don't fade away

Standing on solid ground
Swimming inside the sound
Punishing certainty
Don't fade away

I'm all alone
Matter and shadow
In the darkflow

Treading deep waters
Searching for the shore
Waiting for the dawn to come
