

18 Days

Assuming We Survive

She said
"Can't you stay?
I'd like to wake up like this everyday"
My heart is pounding
As I'm lost in your eyes
I swear you were meant for me

And I can't wait
To make a smile that is on your face
Last a lifetime I can barely breathe
That's how I know you were meant for me
(That's how I know you were)
Know you were

But this lonely road
Is the only one I've ever known
So will you wait till I get home, till I get home

It's been 18 days, 18 days without you
I don't want to live to see another day alone
I spent 18 days, 18 days without you
There's so much more to go, more to go

Can I say
I think about you every chance I get
And I paint a picture of us in my head
'Cause that's where I wanna be ('cause that's where I want to be)

But this lonely road
Is the only one I'll ever know
So will you wait till I get home, till I get home

It's been 18 days, 18 days without you
I don't want to live to see another day alone
I spent 18 days, 18 days without you
There's so much more to go, more to go
I've spent 18 days

I'm watching cars pass by
Every single one
Is just another one further from you
I'll try to pass the time
Thinking of ways, thinking of ways
To say

I'm watching cars pass by
Every single one is just another one
Further from you
I try to pass the time
Thinking of ways, thinking of ways
To say

It's been 18 days, 18 days without you
I don't want to live to see another day alone
It's been 18 days, 18 days without you
I don't want to live to see another day alone
I spent 18 day, 18 days without you

There's so much more to go, more to go

I've spent 18 days without you

18 days without you

18 days without
