## Assuming We Survive

I tried to get closer, I ended so far away  
(I ended so far away)  
The more I get better, the more I can't take  
Now I don't know if I feel a thing at all  
All I know is that I've never been so confused  
And I don't know if anything is real anymore  
All I know is that I'm still going to lose

I was never gonna bring you  
Now I'm never gonna bring you down  
That's what you wanted  
That's what you wanted

I was never gonna bring you  
Now I'm never gonna bring you down  
That's what you wanted  
That's what you wanted

You tried to be stronger and suffer the pain  
(And suffer the pain)  
You've ran out of options and good words to say  
Now I don't know if you feel a thing at all  
All I know is that I've never been so confused

I was never gonna bring you  
Now I'm never gonna bring you down  
That's what you wanted  
That's what you wanted

I was never gonna bring you  
Now I'm never gonna bring you down  
That's what you wanted  
That's what you wanted

Now I don't know who we are or who we've become  
I only wish that I, feel so alone  
Now I don't know who we are or who we've become  
I only wish that I, feel so alone

If you don't know what, what I need  
Then how can you save me?  
You don't know what I need  
How can you save me

I was never gonna bring you  
Now I'm never gonna bring you down  
That's what you wanted  
That's what you wanted

I was never gonna bring you  
Now I'm never gonna bring you down  
That's what you wanted  
That's what you wanted

Now I don't know who we are or who we've become  
I only wish that I, feel so alone  
Now I don't know who we are or who we've become

I only wish that I, feel so alone
