This Moment

Assuming We Survive

I'm leaving and I don't know
When I'll be back to collect all the things that you promised
If all goes according to plan
We'll wake up in the morning together again

I want to make you smile
I want to take the time and give you what you need
I know the timing sucks
I'm always out of touch but I miss you like crazy

Anytime that I'm with you
There's nothing in this world I'd rather do
Than stay in this moment together forever
Anytime that I'm with you
There's nothing in this world I'd rather do
Than fall in love with you over and over

I'm going to the studio and I don't know
When I'll be home, I know that you hate me
I'm writing a song for you
It won't make up for lost time
But it won't be the last time I swear

I want to make you smile
I want to take the time and give you what you need
I know the timing sucks
I'm always out of touch but I miss you like crazy

Anytime that I'm with you
There's nothing in this world I'd rather do
Than stay in this moment together forever
Anytime that I'm with you
There's nothing in this world I'd rather do
Than fall in love with you over and over

Stay with me
Baby just stay with me
I'll be the one I swear

Anytime that I'm with you
There's nothing in this world I'd rather do
Than stay in this moment together forever
Anytime that I'm with you
There's nothing in this world I'd rather do
Than fall in love with you over and over
