

Out here walking round this empty town  
Got a lot on my mind but nothing figured out, yeah  
We gon stay out late, somehow graduate  
And we'll still make time to catch some sleep  
But we can rest when we're six feet underneath, right  
We make 'em jealous cause we're livin' and they need life  
They trynna rush us but see we gon take our sweet time  
And they gon say were crazy that's the green light, light

Woah, oh, woah, oh, oh  
I said, "Damn it feels good to be free"  
Singing, woah, oh, woah, oh, oh  
I said, "Damn it feels good to be eighteen"  
Yeah

And damn it feels good yeah  
And damn it feels good yeah

Were out here walking round this empty town  
Got a lot on my mind but nothin figured out, yeah  
We gon stay out late, somehow graduate  
And we'll still make time to chase our dreams  
Cause we got people out there chasing a degree, right  
And we got other people looking for TV time  
I know some girl just out there searching for a real guy  
Hoping for a ring right, fallin' to a sweet lie

Woah, oh, woah, oh, oh  
I said, "Damn it feels good to be free"  
Singing, woah, oh, woah, oh, oh  
I said, "Damn it feels good to be eighteen"  
Yeah

Out here walking round this empty town  
Got a lot in my mind, not in a bank account, yeah  
But we'll stay out late, and we'll graduate  
And we'll still make time to do our thing

Woah, oh, woah, oh, oh  
I said, "Damn it feels good to be free"  
Singing, woah, oh, woah, oh, oh  
I said, "Damn it feels good to be eighteen"  
Yeah  
Woah, oh, woah, oh, oh  
I said, "Damn it feels good to be free"  
Singing, woah, oh, woah, oh, oh  
I said, "Damn it feels good to be eighteen"  
Yeah
