

## 2 Weeks

ASTN

Baby, bring your ass back home  
And if your work friends ask  
Tell them you ain't going back, no, no  
Forget about those student loans  
You got a new career path  
Throw the papers in the trash, oh no

Clock in  
Go get your nails done  
Shop in  
Whatever you want  
Promise you'll want that overtime

Pick up the phone  
Baby just call  
Put your two weeks in, fuck that job  
Fuck that job  
No other place to get you up  
Put your two weeks in, fuck that job  
Fuck that job

Baby, bring your ass back home  
And if your work friends ask  
Tell them you ain't going back, no, no  
Baby, I notice soon as you walk through the door  
It's on your face, you can't do that shit anymore  
Fuck a promotion, I want you head of the board  
Or maybe on the floor

Clock in  
Go get your nails done  
Shop in  
Whatever you want  
Promise you'll want that overtime

Pick up the phone  
Baby just call  
Put your two weeks in, fuck that job  
Fuck that job  
No other place to get you up  
Put your two weeks in, fuck that job  
Fuck that job
