

Feel Nothing

ASTN

I need your lovin'
Come give me somethin'
'Cause my heart is out my chest
Girl I feel nothin'
I need your lovin'
Come give me somethin'
'Cause my heart is out my chest
Girl I feel nothin'

You're gonna make me go all out
Crash and burn witchu
Wait until we fall out
Don't wait to make a move
Baby girl it's on now
I hope you're lookin' to
Take it to the room, na na
I know

Tell me what you after
I can't read your mind
I feel it in my body baby
Ain't that hard to find
And I can't give you what you want
If you don't give me the time
Just feel it in your body baby
Girl won't you slide through [?]

I need your lovin'
Come give me somethin'
'Cause my heart is out my chest
Girl I feel nothin'
I need your lovin'
Come give me somethin'
'Cause my heart is out my chest
Girl I feel nothin'

I wanna see you go all out, mmh
Another round or two
Love until we fall out, mmh-hmm
You've got all my attention
Girl it's on now
So whatchu wanna do?
Take it to the moon, na na
I know

Tell me what you after
I can't read your mind
I feel it in my body baby
Ain't that hard to find it
I can't give you what you want
If you don't give me the time
Just feel it in your body baby
Girl won't you slide through [?]

I need your lovin'
Come give me somethin'
'Cause my heart is out my chest

Girl I feel nothin'
I need your lovin'
Come give me somethin'
'Cause my heart is out my chest
Girl I feel nothin'

I need your lovin'
Come give me somethin'
'Cause my heart is out my chest
Girl I feel nothin'
I need your lovin'
Come give me somethin'
'Cause my heart is out my chest
Girl I feel nothin'
