

# Gradually

ASTN

Sit down  
Let's talk it out a third time this week  
Don't you quit now  
We can make it but it's hard to believe cause I

I was terrified  
You was seeing someone new  
Getting left behind  
Seemed to change my point of view  
Set it all aside  
Maybe we could just redo  
Tell me what I'm going through  
I just need you to

Get back to me  
So sad for me  
All the work we put in  
Just to pack and leave  
Know time will tell  
You were bad for me  
If you feel like letting go  
Go gradually

If you feel like letting go  
If you feel like letting go  
If you feel like letting go  
Go gradually

Sit down  
Gotta talk you down a third time this week  
I'll admit now  
Couldn't make it wasn't hard to believe cause I

I was terrified  
You was seeing someone new  
Getting left behind  
Seemed to change my point of view  
Set it all aside  
Maybe we could just redo  
Tell me what I'm going through  
I just need you to

Get back to me  
So sad for me  
All the work we put in  
Just to pack and leave  
Know time will tell  
You were bad for me  
If you feel like letting go  
Go gradually

If you feel like letting go  
If you feel like letting go  
If you feel like letting go (Oh no)  
Go gradually

Don't tell me

I fell too hard  
Cuz you left me  
How do I restart  
Don't tell me  
I fell too hard  
Cuz you left me (No)

Get back to me  
So sad for me  
All the work we put in  
Just to pack and leave  
Know time will tell  
You were bad for me  
If you feel like letting go  
Go gradually

Get back to me (If you feel like letting go)  
So sad for me  
All the work we put in (If you feel like letting go)  
Just to pack and leave  
Know time will tell (If you feel like letting go)  
You were bad for me  
If you feel like letting go  
Go gradually
