

## Open Up

ASTN

What can I say when I'm too afraid to speak up  
So many thoughts run through my head like, "Do I need love?"  
I wanna try again but lately I can't feel much  
So to be honest witchu I've been feeling real rough

What can I say when I'm dying just to crawl back  
Into the arms of a lover who ain't all that  
Guess I'm just looking for attention and I call back  
But luckily I saw that

I'm turning into a what I hate  
Girl I can't explain  
All the ways I'm feeling  
And it's driving me insane  
So anytime love knocks on my door  
I don't open up

I'm turning into a what I hate  
Girl I can't explain  
All the ways I'm feeling  
And it's driving me insane  
So anytime love knocks on my door  
I don't open up anymore

What should I say when I'm too afraid to freeze-up  
So many thoughts run through my head and they won't ease up  
I wanna try again but baby I can't feel much  
So to be honest witchu I've been feeling real rough

Gimme a break  
You better behave  
2AM and we locking eyes  
'Cause I'm back at your place  
Got nothing to say  
I gave it away  
It's 4AM, we locking eyes  
'Cause I'm back  
Yeah, yeah

I'm turning into a what I hate  
Girl I can't explain  
All the ways I'm feeling  
And it's driving me insane  
So anytime love knocks on my door  
I don't open up

I'm turning into a what I hate  
Girl I can't explain  
All the ways I'm feeling  
And it's driving me insane  
So anytime love knocks on my door  
I don't open up anymore

I don't know how this works out for us  
Baby just say 'cause I'll change

Gimme a break

You better behave  
2 AM and we locking eyes  
'Cause I'm back at your place  
Got nothing to say  
I gave it away  
It's 4 AM, we locking eyes  
'Cause I'm back  
Yeah, yeah

I'm turning into a what I hate  
Girl I can't explain  
All the ways I'm feeling  
And it's driving me insane  
So anytime love knocks on my door  
I don't open up

I'm turning into a what I hate  
Girl I can't explain  
All the ways I'm feeling  
And it's driving me insane  
So anytime love knocks on my door  
I don't open up anymore
