

Said It All

ASTN

I like the way you set it off yeah
You got a temper but it's hot yeah
And I don't usually get involved (oh no)
But just for you I got a spot yeah

I'll keep it real with ya
If that's what you need in this life
I'mma' deal with ya
Cuz I don't like sharing mine
Splitting bills with ya
Independent just my type
Something 'bout it feel right
Fall for you I might

If I read ya wrong
Girl just cut it off yeah
Tell me how you feel
So we can carry on yeah
If there's something on your mind
Then just get it off
And I know I'll be doing fine
Cuz I said it all

If I read ya wrong
Say you want me gone yeah
Tell me it's for real
Or tell me something's off yeah
If it's just another try
Then forget it all
And I know I'll be doing fine
Cuz I said it all

I said it all
I said it all (all yeah)
I said it all
I said it all

I like the way you look at me yeah
I think about that shit a lot yeah yeah
There's no one I would rather be with
So if you put me on the spot babe

I'll keep it real with ya
If that's what you need in this life
I'mma deal with ya
Cuz I don't like sharing mine
Splitting bills with ya
Independent just my type
Something 'bout it feel right
Fall for you I might

If I read ya wrong
Girl just cut it off yeah
Tell me how you feel
So we can carry on yeah
If there's something on your mind
Then just get it off

And I know I'll be doing fine
Cuz I said it all

If I read ya wrong
Say you want me gone yeah
Tell me it's for real
Or tell me something's off yeah
If it's just another try
Then forget it all
And I know I'll be doing fine
Cuz I said it all

I said it all
I said it all (all yeah)
I said it all
I said it all
