

Weekend Friend

ASTN

And I know (I know)
I do this way too much for my own good (yah)
But we can slow dance (yah)
Through the sheets until we fall asleep (haha, look)
Baby come a little closer (ooh)
I'ma need to get a close of you
Girl I love it when you're over me
Three days and I'm over you
Don't need to catch feelings baby
Don't let them grow on you
Just kick back with me baby
Take in this ocean view (right)

I know you won't be here for long
Let's be weekend friends, yah (for the weekend, for the weekend)
And I know you can't stay here for long
Let's be weekend friends (uh-oh, yah)
And baby we just gotta lie low (for the weekend)
So tell me when you have to go
I know you won't be here for long
Let's be weekend friends (yah, alright, alright, alright)

And you know (you know)
We do this way too much for our own good (yah)
I'm thinking good gracious oh my
When did I become such a hoe
I don't ever want to feel again
I don't ever want to think again
I don't ever want to drink again
I don't ever want to take another L again
But little mama looking so damn elegant
She come around for the weekend (yah)
Do a little freak in (right)
Throw back let's preach in (ay)
Goin' right off the deep end, baby (yah, yah)

I know you won't be here for long
Let's be weekend friends, yah (for the weekend, for the weekend)
And I know you can't stay here for long
Let's be weekend friends (uh-oh, yah)
And baby we just gotta lie low (baby we just gotta lie)
So tell me when you have to go (alright, alright)
I know you won't be here for long
Let's be weekend friends (yah, alright, alright, alright)

I know you won't be here for long
Let's be weekend friends
And I know you won't be here for long (yah, alright, yah)
