

Wipe Your Tears

ASTN

Pretty little thing come here
Pretty little thing come here
Baby let me wipe your tears
I could be so sincere
Pretty little thing come here
Pretty little thing come here
Baby let me wipe your tears
Pretty little thing
Pretty little thing, oh

Baby there's no pressure no
I just want you here in my arms
And they'll never get you no
Not like I do love
I wonder
Where'd you slip through the fingers, baby
Really must have put you through the wringer, baby
I wonder
Should we take this a little deeper, baby
If you got a problem
You can bring it here, baby

Pretty little thing, come here
Pretty little thing, come here
Baby, let me wipe your tears
I could be so sincere
Yeah, Pretty little thing, come here
Pretty little thing, come here
Baby, let me wipe your tears
Pretty little thing
Pretty little thing, oh

Pretty little thing, she a pretty little thing
Got me waitin' up to the telephone ring
Let's talk about love till we somewhere in between
Put you in celine
You're pretty little thing
Girl you're too fine
If you wanna be mine
I could add you to my morning routine
Pretty little thing if you know what I mean

I wonder
Where you slip through the fingers, baby
Really must have put you through the wringer, baby
I wonder
Should we take this a little deeper, Baby
If you got a problem
You could bring it here, baby

Pretty little thing, come here
Pretty little thing, come here
Baby, let me wipe your tears
I could be so sincere
Pretty little thing, come here
Pretty little thing, come here
Baby, let me wipe your tears

Pretty little thing
Pretty little thing, oh
