

# Bloodstream

Astrid S

Leaving is easy, easy for him  
Gone in the nights I keep on facing  
The sweater I'm keeping  
Pretend that he holds me, embrace me  
Leaving is easy, leaving is easy

Wherever I go he's been, wherever  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, I go he's been  
Will you get out of my head now, baby?  
Get out of my head now  
Wherever I go he's been, wherever  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, I go he's been

Touching me gently, holding me close  
Breathes on my skin, lips down my body  
Ain't like nobody, he got me feeling, floating  
Leaving is easy, leaving is easy

Wherever I go he's been, wherever  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, I go he's been  
He's floating in my bloodstream now  
He's floating in my bloodstream now  
He's floating in my bloodstream now  
He's floating in my bloodstream now  
He's floating in my bloodstream now  
He's floating in my bloodstream now  
He's floating in my bloodstream now  
He's floating in my bloodstream now

Gentle with my words, speak like my tongue burns  
But I don't want to weigh your mind  
I don't know what's worse  
Must of been why, dead nor alive  
That must be why  
I'm stuck in between my bloodstream now

Wherever I go he's been, wherever  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, I go he's been  
Wherever I go he's been, wherever  
Wherever I go he's been, go he's been  
Wherever I go he's been, go he's been, wherever  
Wherever I go he's been, I go he's been  
Get out of my head now, get out of my head now, baby  
Get out of my head now
