

Bloodstream

Astrid S

Leaving is easy, easy for him
Gone in the nights I keep on facing
The sweater I'm keeping
Pretend that he holds me, embrace me
Leaving is easy, leaving is easy

Wherever I go he's been, wherever
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, I go he's been
Will you get out of my head now, baby?
Get out of my head now
Wherever I go he's been, wherever
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, I go he's been

Touching me gently, holding me close
Breathes on my skin, lips down my body
Ain't like nobody, he got me feeling, floating
Leaving is easy, leaving is easy

Wherever I go he's been, wherever
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, I go he's been
He's floating in my bloodstream now
He's floating in my bloodstream now
He's floating in my bloodstream now
He's floating in my bloodstream now
He's floating in my bloodstream now
He's floating in my bloodstream now
He's floating in my bloodstream now
He's floating in my bloodstream now

Gentle with my words, speak like my tongue burns
But I don't want to weigh your mind
I don't know what's worse
Must of been why, dead nor alive
That must be why
I'm stuck in between my bloodstream now

Wherever I go he's been, wherever
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, I go he's been
Wherever I go he's been, wherever
Wherever I go he's been, go he's been
Wherever I go he's been, go he's been, wherever
Wherever I go he's been, I go he's been
Get out of my head now, get out of my head now, baby
Get out of my head now
