

Hits Different

Astrid S

Another late night
And I'm out here on my own
Yeah, I'm alright
I'm not lonely, though I'm all alone
Yeah, it feels nice
When it comes so easily
When I'm too high
To remember how it used to be

So good
Cleaning out the closet
It's so good
I pull myself together
Like I should
Feeling all the things I never could
It's so good

Cold sweat run down my body
Mhm, no one can stop me
When you don't need nobody
Mhm, it hits different
Got my hands on my body (Got my)
Mhm, no one can stop me (No, no)
When you don't need nobody
Mhm, it hits different

Sweeter, like a song I used to know
I remember all the words by heart
I sing along much better
Than I ever did before
And it's never
No, it's never felt so good

Cleaning out the closet like I should
It's so good

Cold sweat run down my body
Mhm, no one can stop me
When you don't need nobody
Mhm, it hits different
Got my hands on my body (Got my)
Mhm, no one can stop me (No, no)
When you don't need nobody
Don't need nobody (No)
Hands on my body
No one can stop me
Don't need nobody
Mhm, it hits different

Cold sweat run down my body
Mhm, no one can stop me
When you don't need nobody
Mhm, it hits different
Got my hands on my body (Got my)
Mhm, no one can stop me (No, no)
When you don't need nobody
Mhm, it hits different
