If I fell with no one around
Would it even make a sound?
Cause I can't even make one now
And I get these thoughts in my head
But I wouldn't do it anyway
Or at least that's what I say

Til I'm right on the edge
I take a look at the bottom
And I know it will hurt hitting ground
But I don't think that I'd mind the falling
Would anyone know? Is there anyone watching?
I'm getting crazy ideas in my head
And I don't think I'm able to stop them
Jump

When the water rushes in
I feel it filling up my lungs
I'm in the calm before the storm
When I dive, feel the wind in my hair
Nobody can talk me down
I'm really gonna do it now

I'm standing right on the edge
Looking down at the bottom
And I know it will hurt hitting ground
But I don't think that I'd mind the falling
Would anyone know? Is there anyone watching?
I'm getting crazy ideas in my head
And I'm not even trying to stop them
