Relevant

Astrid S

I didn't mean to get personal
But feeling left out is the worst, you know
Told me that you'd be here today
But you're gone and I'm waiting
I didn't mean to confuse your mind
Still wonder why you left my heart behind
You know it always takes two
Don't you get it, I get it

Pull my strings and pull me closer
Break my heart and run me over
So don't tell me to come over
You only get my hopes up

I'm only relevant when there's no one else
Know I'm better off being by myself
But I just don't want nobody else
So I'll wait here 'til I'm relevant again

Ooh
Ooh
Ooh
Ooh

I can't see your face anymore
You're just a faded picture on the wall
And I just don't know what to do
Know I'm being dramatic

Every step that we're taking
The mistakes that we're making
Feel my heart is breaking
I do it 'cause I want to

I'm only relevant when there's no one else
Know I'm better off being by myself
But I just don't want nobody else
So I'll wait here 'til I'm relevant
See, I'm just too scared to let you go
So before I do I need to know
Do you want me or somebody else?
I can wait around 'til I'm relevant again

Will this fire keep us warm or burn us down?
'Cause I don't think that gravity can hold me down
Will this fire keep us warm or burn us down?
Think I'm burning down

I'm only relevant when there's no one else
Know I'm better off being by myself
But I just don't want nobody else
So I'll wait here 'til I'm relevant again

Ooh
Ooh
Ooh (relevant)
Ooh (again)
