

Chup Chup I Got Away

Astrud Gilberto

Chup, chup, badungeh, badungeh
You're gonna cry cause I got away
Got away
Chup, chup, badungeh, badungeh
You're gonna cry cause I got away

Don't be a fool, baby, don't play it cool
Don't you know there are so many fish in the sea
There's pretty trouts,
Some with class and without
What a new likes to feel,
Is no different from me
Saturday I found you so loving, so warm
Sunday you were as cold as can be
Thought I had you yesterday done into swam away
Play your game like you feel
Then one day baby will
Just wait and see, see how smart you will be
When you look at your hook and the fish isn't me

Chup, chup, badungeh, badungeh
You're gonna cry cause I got away
Got away
Chup, chup, badungeh, badungeh
You're gonna cry cause I got away

Saturday I found you so loving, so warm
Sunday you were as cold as can be
Thought I had you yesterday done into swam away
Play your game like you feel
Then one day baby will
Just wait and see, see how smart you will be
When you look at your hook and the fish isn't me

Chup, chup, badungeh, badungeh
You're gonna cry cause I got away
Got away
Chup, chup, badungeh, badungeh
You're gonna cry cause I got away
