

Sing Me A Rainbow

Astrud Gilberto

Sing me a rainbow
Paint me a dream
Show me a world
That I've never seen
Whisper the sunset
And when you do
You'll know how I feel
I say you'll know how I feel
You'll know I feel when I'm with you

Walked in my life
On such a ordinary day
But it's been extraordinary since you came my way
There's nothing in the world that I can't do
As long as you continue to

Sing me a rainbow
Paint me a dream
Show me a world
That I've never seen
Whisper the sunset
And when you do
You'll know how I feel
I say you'll know how I feel
You'll know I feel when I'm with you

You brought something special
To my life that was so plain
Feelings that you turned me on to
I just can't explain
Something happens when I'm near you
And I just can't wait to meet you

Sing me a rainbow
Paint me a dream
Show me a world
That I've never seen
Whisper the sunset
And when you do
You'll know how I feel
I say you'll know how I feel
You'll know I feel when I'm with you
