

Do It All Over

astrus*

Wake up in the morning still got vodka on my breath
Phone on dnd I don't wanna see a text
Gotta couple things I wanna get up off my chest
Wash my feelings with my laundry you can put it with the rest
Quit my old job now I'm always on the road
Had to leave the crib I ain't gotta place to go
Never had a party but now I'm doing shows
Tryna be my girl like you can join the four
Aye

Now they asking for a photo
Tryna see who real or fake but tell me I don't know tho
All I know is this year was a rollercoaster
Finnuh make a bag and do it all over
Yuh
Ima do it all over
Yuh
Ima do it all over
Yuh
Ima do it all over
Yuh
Ima do it all over

Fuck it ima bout to jailbreak a Tesla
Been sober for a second hold up roll up the pressure
Momma been saying that boy you are next up
Cop it do it twice If you could afford to be extra
Aye

Now they asking for a photo
Tryna see who real or fake but tell me I don't know tho
All I know is this year was a rollercoaster
Finnuh make a bag and do it all over
Yuh
Ima do it all over
Yuh
Ima do it all over
Yuh
Ima do it all over
Yuh
Ima do it all over
