Yeah, okay
Last year yeah I went through a lot
They getting comfortable tryna take on my spot
And I know you wouldn't leave me out here to rot
I'll take care of you, you could go quit the job
I can tell you know how to ball
But I could give you something they don't have the mall
Me, go ahead baby, just give me a call
When you need a ride, only something to side
Okay

I know I'm playing with my chances
Tiptoeing dances, spinning on my Vances
Baby, tell me what's the chances
Of you and me having some romancing?
I mean, I'm just being honest
You ain't gotta do it now, just tell me you promise, okay?
Come here and baby hold me the closest
I know it sounds corny but I love you the mostest

Baby tell me your name and I'll tell you mine
It's too early to say, I think we got it right, yeah yeah
Baby tell me your name and I'll tell you mine
It's too early to say, I think we got it right, I think we got it right
I think we got it right

We got it right
We got it right
It's so nice
We got it right, yeah

I feel your attention
I want you just like in a second
I can't feel you in a sentence
But I just read it for the memory
La-la, just so
Just so you know
I got in my mind baby
Just like the day you asked me
[?] you know what I mean
The same, I really want you
To stay and then [?]

Baby tell me your name and I'll tell you mine
It's too early to say, I think we got it right, yeah yeah
Baby tell me your name and I'll tell you mine
It's too early to say, I think we got it right, I think we got it right
I think we got it right
