

# THINKING ABOUT YOU

astrus\*

The first time I saw you  
I knew it was true  
It had to you it had to be you  
I swear my heart was pumping out my chest  
Tryina talk to you in that new blue dress  
And then your smile and yo big brown eyes  
It was my priority to make you mine  
Cause you been played and I couldn't see why  
The most perfect girl but your feelings seemed dry  
Look I could take you on a date

Common see I can take you on a date  
Getaway runaway to a sweet escape  
Netflix and pizza, or a 5star restaurant  
Anything you want anything you need  
Cause you deserve everything to me you are a queen  
We sneak out go out to eat past midnight  
You and me are Bonnie & Clyde  
Ride or die & partner in crime  
I couldn't stand seeing you with another guy  
And the best thing of all is that we don't need sex  
We can just chill and watch netflix  
I can tell you anything  
You are my everything  
I would give you the world but you have your own  
Love our late night convos on the phone  
See With me is I don't usually chase  
I fall back and let them have their own space  
But with you it's different so please appreciate
