Okay like  
Yeah  
Yeah yeah, yeah  
Throwaway tantrum  
Yeah

Okay like  
I know that I'm not that special, kinda twisted in the mental  
If we talk in the essentials I can make that times two with a pencil  
But I still seem to let you down, what I cannot fix let's talk it out  
See every [?] yeah I do it lazily, I'm an asshole kind of basically  
Damn, I'm not good at sorries, usually typically late to the party  
Usually the one to always get drunk first, shoot when [?] hold up that's the wrong verse  
Baby just know that I mean it, in love with myself yeah I'm so conceited but  
I swear I'll change for you so come over, just see me this week end like yeah

'Cause I've been working all damn week man, I can't wait till Saturday  
Will you fall in love with me huh? I think that's up for debate  
I've been tossing, turning, I just need something to save the day  
I swear I'm more than this but you treat me like a throwaway

Yeah, you just treat me like a throwaway  
Yeah, so I guess I'll wait till Saturday  
Yeah, you just treat me like a throwaway  
Yeah, so I guess I'll wait till Saturday

I'll wait for you, it's the only thing I do  
And I can stop and think about all the things we do  
Been waiting and waiting, I need some, I need patience  
I just need to get around, baby can you take me up  
'Cause I need time, yeah I need space  
I can't wait for Saturday  
Now [?]  
'Cause I need time, yeah I need space

'Cause I've been working all damn week man, I can't wait till Saturday  
Will you fall in love with me huh? I think that's up for debate  
I've been tossing, turning, I just need something to save the day
