

Down The Line

Aswad

If it's you got her, if it's you
If it's you got my sensimealla come turn me on
If it's you got her, if it's you
If it's you got my sensimealla come turn me on

No one ever makes me feel like you do my sensimealla
My house could never be a home without you my sensimealla
You know that I'm never happy only blue whenever
That I'm without you my sensimealla

I've got to go up the line, I've got to reach there on time
To meet my brethren on the corner with the good sensimealla

This feeling you're giving me, this a feeling you're giving me
It's turning me inside out it's turning me upside down
This feeling you're giving me, the feeling you're giving me
It's got my head in a whirl this feeling whoa-a-o

If it's you got her, if it's you
If it's you got my sensimealla come turn me on
No one ever makes me feel like you do my sensimealla
My house could never be a home without you my sensimealla

You know that I'm never happy only blue whenever
That I'm without you my sensimealla
I've got to go up the line, I've got to reach there on time
To meet my brethren on the corner with the good sensi
I wonder if he'll wait for me, will he, will he wait for me
