Ataraxia

Winged creature
you'll swing on planet spaces
on total oceans
on deep sleeps
guard us, guard us
from a glacial death
while your flight skims over
this land of darkness

Winged creature
you'll swing
on planet spaces
on total oceans
and all this space
is just a passage of saltness
an abyssal nothingness

guard us, guard us
from a glacial death
guard us, winged creature...
